NAVEL HARVESTING IN AN EARLY START AS MANY AT WORK

Picking and Packing Activity To Increase With Coming of Each Week

75 CARS GO LAST WEEK

Citrus Industry To Give Employment to Many Local People

This district's big navel crop will soon be moving to market at the rate of about 100 cars a week.

Picking and packing activities are today under way at the dozen citrus associations in the West End with each week to see an increase in the number of cars being sent to the markets of the nation. Harvesting of the crop is just getting under way, but the fruit is ripening earlier than usual. That means an earlier arrival of the peak activity.

Forty cars of navels were shipped last week with about that number going out this week. Lemon shipments are also a big item in the employment in the citrus industry, 35½ cars of lemons being packed and shipped last week.

Harvesting of the citrus fruit annually brings to the district many people who move from district to district as the crops mature. Inquiries at local real estate offices and at The News for houses to rent have been more numerous in the last 10 days than ever.

Before the end of the month hundreds of persons will be engaged by the associations, but in every possible case local people will be given preference.

LIBRARY WILL BE CLOSED NEXT WEEK

Interior To Be Painted and Books Rearranged In All Departments

Workmen have been promised by the Emergency Relief Administration for today at the library, to begin the painting of the walls and ceiling of the children's room in preparation for the opening. Following the finishing of the painting in the children's room, the decorators will move to the main floor and the walls and ceiling there will be primed and painted and all of the woodwork will receive a coat of varnish. This will be but the second time the woodwork and walls have had any attention since the building was finished, 22 years ago in August.

Beginning Monday, January 7, the library will be closed until this work is finished, because practically every book will have to be moved, beginning with the books belonging in the children's department. The color scheme will be changed on the main floor necessitating the removal of every book on the wall shelves. The reference department will have its home at the rear of the charging desk where the children's room has been located and an information desk will be maintained in this department. The book stacks in the non-fiction department are to be changed to run east and west instead of the present arrangement. This will give room for one more row of stacks to be put in later.

This SERA labor will be a splendid thing for the library funds for the material bill will not be too large, while the work will be slow because of the painting between shelves.

All books falling due during this period may be put through the slot at the right of the door or renewed by calling Upland 88.

WORK STARTS SOON ON FOUR TUNNELS IN WATER PROGRAM

Metropolitan Water District Gets Bids for Boring Near Glendora

ROUTE HERE INDEFINITE

Water From Riverside Reservoir Will Be Taken to Pasadena

That actual construction on distribution tunnels of the Metropolitan Water district will be started in this district soon is indicated in the opening of bids for the work. Engineers have been working out of the local office of the water district to determine actual route of the tunnels.

No definite route of the distributing lines through here has been determined, but before many months pass the local route is expected to be known, with actual work to be started.

Bids just opened are for construction of four tunnels near Glendora and Monrovia, the line to be bored through foothills in its route to Pasadena. The tunnels will be circular and 10 feet in diameter. Water will flow through them under pressure.

Tunnel known as Monrovia No. 1 will extend from a point north of Glendoro 1½ miles northwesterly to a crossing of the San Gabriel river. Other tunnels will take the water through Pasadena to an outlet in the Arroyo Seco.

From the Colorado river the district will store water in a reservoir near Riverside. From this reservoir water will be distributed to its member cities in the southland. A tentative route of a distributing line between the reservoir and Glendora is near Fourth street, Ontario. As it goes west, the route has been tentatively placed through the southern portion of Claremont and west of Claremont northerly to the Glendora foothills.

CAMP BALDY FLOAT IS GIVEN OVATION

Entry From Local Resort Colorful As It Depicts Mt. Baldy Scene

One of the most distinctive floats in the gorgeously colorful Tournament of Roses parade in Pasadena yesterday was the one entered by Camp Baldy. The fairy tale, "Snow White and Rose Red," was portrayed with Jeannette Ruth Curry dressed in white, representing Snow White and her twin brother, John Foster Curry, dressed in red to portray Rose Red.

Towering Old Baldy was depicted with a mass of white flowers and the scene was one of summer and winter. Several children were gathered about a camp fire listening to Glen Hood, known as the "song bird of Yosemite," as he sang cowboy songs all along the route. David Curry, wearing a long beard, represented the "Old Man of the Mountains."

As the float appeared, a mass of 300 poinsettias was seen on the front, with Mt. Baldy appearing toward the rear portion of the entry. The float was given a continuous ovation by the throng lining the route of the parade. A radio announcer on a national hook-up glowingly described the entry and complimented Camp Baldy.

The float was given a participating award by the tournament officials.

Hundreds of persons from the Upland district were in Pasadena yesterday to see the parade and to attend the Stanford-Alabama grid game.

POSTAL BUSINESS IN NEW RECORD AS STEADY GAIN MADE

7.2 Per Cent Increase in Net Receipts for Year Is Reported Today

ALL DEPARTMENTS UP

December Cancellations Show More Holiday Mailing Than Year Ago

Steady increase in sale of stamps at the Upland post office resulted in 1934 ending with a net income 7.3 per cent better than the 1933 net figure.

In all departments the local stamp-selling and mail-handling institution showed a gain, according to Postmaster Orton P. Brady.

Stamp sales for the year were $24,774.21. For basis of figuring and comparison, however, 10 per cent of this amount is deducted due to the sale of three-cent stamps. This deduction makes a net figure of $22,047.65, which is 7.3 per cent higher than the similar 1933 figure.

Salaries of the postal force are determined by the total of stamp sales, the sales figured on the basis of one and two-cent stamps. Three-cent stamps were authorized more or less as an emergency measure and for that reason all comparisons are made with a deduction.

Each quarter during the past year showed a gain of from four to 10 per cent.

During December cancellations totaled 49,520. For the same month in 1933, 40,327 pieces of mail were received. Money orders last month were 12 per cent more numerous than during December of 1933.

The 1934 increase places the local office on the same rating as for 1932.

Great Drama About to Open

What promises to be the best "show" of 1935 is just about to start. Officially called the Congress of the United States, there is an excellent chance that for drama, excitement and thrills it will outdo many of the stage shows.

Business is frankly worried, looks to Congressional action with fear and trembling. And it seems certain that the White House anticipates the session with something less than unmixed pleasure. The Congress is overwhelmingly Democratic. It is—if campaign speeches mean anything—committed heart and soul to the Roosevelt policies. But it likewise contains a number of men who, had it not been for the potent Roosevelt support, would never have had a chance of election to a first-class office, who know little of economics, less of industrial problems, and nothing of monetary affairs. These men are the "radicals" of the next Congress—and it is inevitable that they will worry able, conscientious and intelligent New Dealers about as much as they will worry conservatives. The President is like a ship captain in an emergency—whatever happens will be pinned on him, whether he could have taken a different course of action or not. And if the Congress, over the President's wish, passes dangerous and unprecedented laws, any ill effect they produce must eventually come home to the Roosevelt stoop.

Best guessers believe that one of the big debates of the next Congress will center around the proposed 30-hour work week. Many representatives have pledged its enactment, as have a number of Senators. Business does not want it—nor does the President. He knows that it would place a burden on industry which it cannot afford at this time, that shorter working weeks must come by a process of evolution, rather than by legislative fiat. The Federation of Labor is solidly behind the law, but the chances are that, even with this potent support to combat, the President will be able to smother it.

The bonus, a cross which every president since Wilson has been forced to bear, will be up again. Passed at the last Congress, it was vetoed by Mr. Roosevelt, then repassed over his veto by the House. He managed to summon sufficient Senatorial support to kill it at last. Many observers now think, however, that there is sufficient sentiment for it in both branches of Congress to overcome a veto.

Public works and relief expenditures will also cause a tussle. A thorough survey indicates that if Congress is left to its own devices it will appropriate and spend the gigantic total of $15,000,000,000. The President's program calls for an expenditure of less than half of this amount—about $7,000,000,000.

The next Congress will contain many currency inflationists, some of whom, according to their speeches, are in favor of turning the presses loose in the Bureau of Printing and Engraving. Mr. Roosevelt has said little concerning inflation—but men close to him are confident he is against it. So another battle looms.

The future of NRA will likewise arise. The chances are that it will be continued, but on a much smaller scale. It will still enforce hours-and-wages conditions—but it will probably drop price-fixing, have less to say about industrial management.

It will be recommended that the subsistence homestead plan be expanded. This is being tried now in a few places. Under it, people are taken from areas where they cannot make a living, are placed in cooperative communities where all work for the common good. Housing Administrator Moffatt believes the plan to be highly successful—wants to see more such homesteads created. There is a good chance that the President will back him—but many members of Congress are sure to oppose it for a variety of reasons.

So it goes, down a long line of topics. Some may wonder why there is any question as to Mr. Roosevelt's control, in view of the great Democratic victory last November. The answer to that is that adversity binds men and parties together—they must either cooperate or perish, a position the Republicans are in at this time. Great success, however, which eliminates effective opposition, almost inevitably breeds discords, fights and ruptures within a party. Having nothing to worry about from the established opposition, party members feel free to go off at tangents, refuse to submit to the authority at the top. And that, right now, is the greatest of Mr. Roosevelt's many political problems.

Children's Party Is Merry Affair at Country Club

The children's annual Christmas party held Friday afternoon at Red Hill Country club was a merry affair for a large group of juniors, 40 children under the age of 12 years being in attendance.

LaVon Kronmeyer Becomes Bride in Home Wedding

The home of Mr. and Mrs. Louis E. Kronmeyer, 447 Sixth avenue, was the scene of a charmingly arranged wedding Sunday afternoon at 3 o'clock, when Miss LaVon Evangeline Kronmeyer of Los Angeles, a sister of Mr. Kronmeyer, became the bride of Homer Blick Van Santford of San Bernordino and Los Angeles.

The floral arrangement included a bank of greenery before the fireplace and on the mantel above were jars of gladioli, snapdragons and carnations, while bright red cyclemen in the greenery lent Christmas color to the decorations and only softly subdued lights were used.

Promptly at 3 o'clock, Miss Betty Dundas, niece of the bride, announced the entrance of the bridal couple by playing the "Bridal Chorus" from "Lohengrin," and the bride and bridegroom took their place before the improvised altar and the marriage service was read by Dr. R. C. Stone, pastor of the Upland Presbyterian church.

The bride was attired in a handsome costume of dark green crepe with accessories harmonizing and a corsage of gardenias.

Following the wedding a reception was held in the Sycamore Inn with a wedding collation being served at beautifully decorated tables, the bride and bridegroom sitting beneath a cluster of wedding bells.

The bride is a native of Upland, having lived here until about 12 years of age, and she has a number of friends here who are interested in her marriage. Many beautiful gifts were received for the new home.

Mr. and Mrs. Van Santford left at once on a motor honeymoon and upon their return they will make their home at 727 Beacon avenue, Los Angeles.

The wedding guests included Mr. and Mrs. Harold Dundas and Betty and Mr. and Mrs. Eugene Morse, of Hollywood; Mr. and Mrs. Sproule and daughter Helen and Mrs. Ella Farmer, of Pasadena; Mrs. Garfield Robb, of Gridley; Mr. and Mrs. Frank E. Williams of Beverly Hills, Mr. and Mrs. Wallace Van Santford and son William, of San Bernardino; Mrs. Louis Kronmeyer, Sr., of Los Angeles, and Mrs. Mark Bradburn, of Berkeley; Mr. and Mrs. Geo. R. RECREATION CENTER SPONSORS PROGRAM

Young Actors Aided by Guest Artists Give Recital and Musical Play

The original musical comedy, "Money! Money!" and the accompanying recital were enthusiastically received by an unexpectedly large crowd at the Woman's club Friday. From the opening to the final scene it was evident that a great deal of time had been spent by both the youthful actors and those in charge of the direction.

Mayor P. H. McQuillen opened the informal entertainment by introducing Mrs. Nola Carlisle, director of department of recreation for San Bernardino county. Mrs. Carlisle warmly praised members of the local recreation center for the progress they have made so far in their field and promised even a more complete program for the local center.

Then followed a recital by a number of the advanced classes and guest artists. The play itself proved a fitting climax to the afternoon's entertainment. All members of the cast were of the beginners dramatics and tap dancing classes, having received the greater part of their training under Miss Juanita Lutz. Marjory Lindsey and Geneva Stepleton as Carlotte and Gene, furnished the romantic interest, with Miss Stapleton taking a male part very satisfactorily. Betty Nichols completed the triangle playing the "other woman." Janice and Gloria Meredeth as fortune teller and pantry boy, and Elaine Evans as the preacher, carried the comedy parts like veterans. The supporting cast was letter perfect in lines and action and carried the comedy through to the last curtain in grand style.

The recreation commission members are deeply indebted to the Upland Woman's club for its cooperation in making the program possible.

Appearing in the preliminary program were Miss Bessie Kirk, tap dancing; Kathryn Griffith, harmonica solos; Donna Murkins, readings; Jack Kirk, tap dance; Robert Lutz, guitar and vocal solos; Juanita and Bessie Bell Cline, violin and vocal duets; Bessie Kirk, gypsy dance.

The cast for the play, "Money, Money," included:

Carlotta ..... Marjory Lindsey
Gene ..... Geneva Stepelton
Marie ..... Betty Nichols
Gypsy Fortune Teller ..... Janice Meredith
Mimi ..... Flora Rose Allison
Gypsies—Roy Eells, Edwin Chapman, Margaret Mathews, Amelia Langford
Linda ..... Doris Lindsey
Cooks — Elaine Evans, Betty Kuntz, Aileen Myres
Pantry Boy ..... Gloria Meredith
Seamstress ..... Flora Rose Allison
Preacher ..... Elaine Evans

Incidental music was provided by Mrs. J. E. Paquin, pianist, assisted by Miss Bertha Robinson, and a string trio including W. B. Crutchfield, Ellis Crutchfield and Donald Campbell, with Mrs. Paquin at the piano, entertained the audience between acts.

ETIWANDA

ETIWANDA, Dec. 31. — Marauders broke into the Pacific Electric station here some time Saturday night, effecting an entrance by tearing a screen from a south window, then throwing a stone wrapped in a cloth hat through the glass. The stone and hat were left and furnish a clew which, with finger prints and footprints, it is hoped will lead to the discovery of the culprits. Nothing of value was taken. Papers were removed from the building but were found outside. Constable Wm. McKee and Pacific Electric Agent Herbert Hall investigated, then called experts from the sheriff's office, who took finger prints and are now at work on the case.

Mr. and Mrs. W. F. Kendig moved to the home of Mr. and Mrs. H. H. Dickins during the past week.

Mrs. Esther Long and daughter Jane, of Fullerton, accompanied by Mrs. Long's father, Judge Tanner of London, Ohio, and Oscar Moon of Santa Barbara, were guests of E. T. Myers and family Sunday.

Mr. and Mrs. Harold Ross and little son Charles, of Brawley, and Mrs. Ross's parents, Mr. and Mrs Bennett of Illinois, were dinner guests of Judge and Mrs. Thomas Donnelly and family Sunday.

Mrs. E. M. Weise and daughter, Myrelmae, of Sierra Madre, are guests of the former's parents, Mr. and Mrs. J. B. Ross.

Mrs. M. B. Hickcox received the announcement of the birth of twins, a boy and a girl, in the family of her brother and sister-in-law, Mr. and Mrs. Harry Davis, of Santa Ana, Saturday. Their small daughter, Harriet, is a guest at the Hickcox home for a time.

Mrs. Olive Orendorff of Bloom- [illegible] arrived here last week and is a guest in the Donnelly homes.

Donald Mueller again entertained members of the Christian Endeavor society with an illustrated talk on Alaska Sunday night, at the urgent request of the young folks, who greatly enjoyed his talk given three weeks ago.

Miss Marie Swenson, formerly identified with the nursing staff of the San Antonio Community hospital, called at the Walter Price and A. A. Werner homes Saturday evening.

Miss Margaret Smith Becomes Bride of Kenneth Decker

The home of the Rev. and Mrs. Fred A. Smith, 513 East D street, Ontario, was the scene of a wedding of charming arrangements Thursday evening when at 8 o'clock their daughter, Miss Margaret Emily Smith, became the bride of Kenneth Decker, son of Mr. and Mrs. B. L. Decker, 407 Sixth avenue, Upland.

Using the ring ceremony, the father of the bride read the marriage service as the couple, unattended, stood before an altar of greenery banked against the fireplace. Candelebra, tall cathedral candles and baskets of poinsettias were placed on either side, completing the attractive floral arrangement.

The bride was lovely in a wedding dress of emerald green with brown hat and accessories and she wore a corsage of yellow rosebuds.

Following the ceremony, which was witnessed only by immediate relatives, a buffet supper was served, the attractively appointed table being graced with a bowl of pink stock.

After a motor trip down the coast, Mr. and Mrs. Decker will be at home at 759 Second avenue, Upland.

The bride, who resided in Upland for several years, is a graduate of the Venice high school, later attending the University of California at Los Angeles. She also completed a course in physotherapy in the Hollywood hospital and was employed there for some time.

A graduate of Chaffey high school and junior college, Mr. Decker also graduated from the Santa Barbara State Teachers college and did graduate work at Pomona college.

New Year's Gathering Held by Dr. and Mrs. Engle

Holding open house in Fellowship hall of the Methodist church, Dr. and Mrs. Irvin A. Engle were hosts on New Year's day at an informal contributed dish luncheon and social afternoon, this being an annual custom of the minister and his wife.

This informal celebration of the day is planned for those who have no other arrangements or who are alone and who enjoy a friendly gathering, a number of friends and their families attending yesterday.

After the luncheon was served the afternoon was spent in playing various games and in listening to the broadcast of the New Year's football game between Alabama and Stanford.
